

Worried about where you're going to sleep tonight?

Concerned about your education or your child's?

If you, your family, or someone you know...

- Usually sleeps on someone's couch or in a car or an abandoned building
- Lives with relatives or friends
- Lives in a temporary trailer park or campground
- Lost or left your/his/her home

...Then there are some things you should know about.

Students without a permanent place to live have the right to:

- ◆ **Go to school, including public pre-school**
 - No matter where they live or how long they've lived there.
 - Continue to go to the school they attended before they left their permanent home, if that is their choice and it is feasible.
 - Without giving a permanent address.
 - While the school arranges for the transfer of school and immunization records.
 - Even while the school and the student resolve disputes over enrollment.
- ◆ **Obtain free lunch (and breakfast, if offered)**
- ◆ **Receive transportation, if requested**
 - To the school they attended last, if they request.
 - To school and to school programs.
- ◆ **Participate in school programs (like athletics and other student activities)**
- ◆ **Receive the same support and services provided to all other students, as needed.**
